2018-19 School Accountability Report Card Published During the 2019-20 School Year

School Description

The School Accountability Report Card was established by Proposition 98, an initiative passed by California voters. As you read the Report Card, you will gain a better understanding of Sunset as a school with a record for improvement, a faculty that is professionally skilled and personally committed to meeting the learning needs of students and a student body which is enthusiastic and motivated to perform well.

The Vineland School District encompasses 33 square miles in rural/agricultural southeast Kern County and is composed of two schools: Vineland Elementary School, which serves students in grades kindergarten through four; and Sunset Middle School, which serves students in grades five through eight. The Vineland School District has historical significance in Kern County because it served the children from a large migrant labor camp established in the area during the 1930's-1940's. Located between Arvin and Weedpatch and situated on Weedpatch Highway, it was more commonly referred to as "Weedpatch Camp" by the families who lived there. The goal was to provide affordable housing to thousands of families during the time of the Great Depression and Dust Bowl.

Sunset School, established in 1940, serves students in grades Five through Eight. During the 2018-2019 school year, the total student population of 301 enrolled included: 100 % Socioeconomically Disadvantaged, 47.5% English Learners, 98.7% Hispanic / Latino, and 10.3% Students with Disabilities. Every student attends regular day core academic classes and are offered After School Education and Safety (ASES) program. All students receive research- based instructional strategies that are focused on the State Standards. We are dedicated to providing quality academic instruction in a safe environment for our students each day.

Sunset School has a full-time Principal, At-Risk Counselor, RSP/Special Education Teacher and 17 Self-Contained Classroom Teachers. Additional support includes 9 part time Comprehensive Aides. The district provides Speech Language Therapist, School Psychologist, and nursing services . All students have access to 2 computer labs, and all students in grades 5-8 have a 1:1 computer device. Staff members are highly trained and personally committed to meeting the learning needs of all students.

Mission Statement

The Vineland School District Board of Trustees, administrators, faculty, and staff are committed to providing rewarding and memorable experiences for all students in a safe, caring, nurturing, and healthy environment where they can reach their maximum potential in intellectual, social, emotional, and physical knowledge, skills, and competencies so that they may become positive, contributing members of society

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

*Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

All textbooks used in the core curriculum at Vineland School are currently being aligned to the Common Core State Standards. Instructional materials are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. The district follows the State Board of Education's six-year adoption cycle for core content materials (English/ language arts, math, science, and social science).

On August 20, 2018 the Vineland School District's Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution No. #0820-01 which certifies as required by Education §60119 (1) that textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, and (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts.

In addition to core subject areas, districts are required to disclose in their SARCs the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2018-19 school year, the Vineland School District did not offer visual/performing arts classes and therefore did not require the distribution of respective textbooks and instructional materials.

School Facility Conditions and Planned Improvements (Most Recent Year)

The district takes significant efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Sunset School's original facilities were built in 1940; ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed promptly. A work order process is used by school and district staff to communicate non-routine maintenance requests. Emergency repairs are given the highest priority. In the last 12 months, the following improvements have been completed:

- Installed new irrigation valves.
- Repaired well for irrigation
- Installed water fountains
- Repaired egress gate
- Repaired electrical hazards near/around cafeteria
- Trimming and removal of hazardous trees

Every morning before school begins, the custodian inspects facilities for safety hazards or other conditions that need attention before students and staff entering school grounds. Two day custodian and two evening custodians are assigned to Vineland School. The day custodians are responsible for:

- General grounds maintenance
- Trash removal
- other duties assigned by the site administrator/supervisor

Restrooms are checked throughout the day for cleanliness and subsequently cleaned as needed. The evening custodians are responsible for:

- Classroom cleaning
- Restroom cleaning
- trash removal
- clean/maintain gymnasium

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

CAASPP Test Results in ELA and Mathematics for All Students

Grades Three through Eight and Grade Eleven

Percentage of Students Meeting or Exceeding the State Standard

Subject	School 17-18	School 18-19	District 17-18	District 18-19	State 17-18	State 18-19
ELA	25	26	25	25	50	50
Math	11	12	14	14	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

School Year 2018-19 CAASPP Assessment Results - English Language Arts (ELA)

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2019-20)

Our goal is to build strong relationships with families and community members to increase capacity to navigate the educational system in order to partner and advocate for educational opportunities and access to high quality teaching and learning to optimize student achievement. Students with parents who are involved in their school tend to have fewer behavioral problems and better academic performance, and are more likely to complete high school than students whose parents are not involved in their school.

To this end, the district and/or schools will design, plans, and implement meaningful family and community engagement opportunities designed to involve and engage staff, families, and community members in activities in support of student learning. These activities will build capacity for families and community members; provide opportunities for families and community members to develop and demonstrate leadership; provide opportunities for family and community members to be involved in the monitoring the progress of the school's programs; and will provide for appropriate access and equity for all families and community members.

Parents are informed on upcoming events and school activities through flyers, the school marquee, and phone calls and texts. Contact Mrs. Lourdes Licea, Principal, at (661) 845-1320.

Parent Involvement Opportunities:

- Back-to-School Night / Title I Parent Meeting
- Family Learning Nights
- Open House

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

The Comprehensive School Safety Plan was developed for Sunset School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure for school, sexual harassment policy, and dress code policy.

Professional Development provided for Teachers

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	35	34	34

The Following Professional Development was provided for all Certificated Staff during the 2017-18, and 2018-2019 school year. Learning Sciences International created by the Marzano Center was implemented across the curriculum and professional development was delivered every Wednesday throughout the year during Teacher PLC time.

The District/School provides ongoing, job-embedded professional development opportunities designed to develop and support high-quality instructional leaders at all levels focusing on the following four areas:

- Induction, Mentoring, and Support. The District ensures all new teachers are enrolled in an approved teacher induction program and that teachers receive continued support in such activities as planning and preparation, teacher collaboration, student goal-setting, progress monitoring, data analysis, intervention placement and monitoring, and strategies for instruction.
- Academic Content and Performance Standards. The District provides all teachers and administrators with ongoing professional development and support structured around the specific learning targets and performance expectations associated with the academic content and performance standards.
- Adopted Core and Ancillary Instructional Material. The District provides all teachers and administrators with ongoing professional development and support structured around the content, structure, lesson planning, pacing, and instructional delivery of the adopted core instructional materials and other instructional support materials and/or programs.
- Instructional Strategies, Techniques, and Practices. The District provide all teachers and administrators with ongoing professional development and support focused on the district-identified, research-based instructional strategies designed to improve student learning and which are aligned with the state academic content and performance standards and adopted instructional materials.

In addition, the District regularly conduct teacher and administrator collaboration sessions designed to collect, analyze, and report critical metrics and performance data; engage in the analysis of student performance; plan instruction; and conduct/review action research in order to adjust and strengthen classroom and school wide instructional practices and address the needs of all students and determine effectiveness of instructional practices and implementation of adopted programs.

The 2019-2020 school year, decisions concerning selection of staff development activities are performed by all staff using tools such as teacher input and data analysis to determine the areas in which additional teacher training may enhance classroom instruction and increase student achievement levels. Vineland School District supports ongoing professional growth throughout the year. Teachers meet in both grade level and school/district teams every Wednesday for one hour to receive professional development , conduct data analysis to identify areas of need, to plan curriculum and instruction, and to share best teaching practices. Also, teaching staff are provided the opportunity to participate in district-sponsored staff development workshops or

training sessions as 1) a supplement to site-based staff development, 2) for reinforcement of or follow-up on previous training, or 3) follow-up training for newly implemented programs/curricula. Teachers may also request to attend conferences or workshops that relate to improving instruction.

Training and curriculum development activities at Vineland School revolve around the Common Core State Standards, Next Generation Science Standards, Language Development, Positive Behavior Intervention and Supports, and STEM/Technology. The Vineland School District held staff development training or had teachers or other staff members attend training devoted to:

- Positive Behavior Intervention Systems , PBIS
- Renaissance-Accelerated Reader
- Renaissance- Star Reader
- ELA: Big Idea
- Math- Go Math- Think Central
- Whole Brain Teaching

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
