2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

The School Accountability Report Card was established by Proposition 98, an initiative passed by California voters. As you read the Report Card, you will gain a better understanding of Sunset as a school with a record for improvement, a faculty that is professionally skilled and personally committed to meeting the learning needs of students and a student body which is enthusiastic and motivated to perform well.

The Vineland School District encompasses 33 square miles in rural/agricultural southeast Kern County and is composed of two schools: Vineland Elementary School, which serves students in grades kindergarten through four; and Sunset Middle School, which serves students in grades five through eight. The Vineland School District has historical significance in Kern County because it served the children from a large migrant labor camp established in the area during the 1930's-1940's. Located between Arvin and Weedpatch and situated on Weedpatch Highway, it was more commonly referred to as "Weedpatch Camp" by the families who lived there. The goal was to provide affordable housing to thousands of families during the time of the Great Depression and Dust Bowl.

Sunset School, established in 1940, serves students in grades Five through Eight. During the 2020-21 school year, the total student population of 294 enrolled included: 100 % Socioeconomically Disadvantaged, 54% English Learners, 98.7% Hispanic / Latino, and 10.3% Students with Disabilities. Every student attends regular day core academic classes and are offered After School Education and Safety (ASES) program. All students receive research- based instructional strategies that are focused on the State Standards. We are dedicated to providing quality academic instruction in a safe environment for our students each day.

Sunset School has a full-time Principal, At-Risk Counselor, RSP/Special Education Teacher, Music Teacher and 17 Self-Contained Classroom Teachers. Additional support includes 9 part time Comprehensive Aides. The district provides Speech Language Therapist, School Psychologist, and nursing services through the Kern Superintendent of Schools. . All students have access to 2 computer labs, and all students in grades 5-8 have a 1:1 computer device. Staff members are highly trained and personally committed to meeting the learning needs of all students.

Mission Statement

The Vineland School District Board of Trustees, administrators, faculty, and staff are committed to providing rewarding and memorable experiences for all students in a safe, caring, nurturing, and healthy environment where they can reach their

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

2019-20 Teacher Preparation and Placement

Authorization/Assignment	2019-20
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	
Intern Credential Holders Properly Assigned	
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)	
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)

Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All textbooks used in the core curriculum at Vineland School are currently being aligned to the Common Core State Standards. Instructional materials are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. The district follows the State Board of Education's six-year adoption cycle for core content materials (English/ language arts, math, science, and social science).

On August 16, 2021 the Vineland School District's Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution No. #081621-01 which certifies as required by Education §60119 (1) that textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, and (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts.

In addition to core subject areas, districts are required to disclose in their SARCs the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2018-19 school year, the Vineland School District did not offer visual/performing arts classes and therefore did not require the distribution of respective textbooks and instructional materials.

School Facility Conditions and Planned Improvements

The district takes significant efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Sunset School's original facilities were built in 1940; ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed promptly. A work order process is used by school and district staff to communicate non-routine maintenance requests. Emergency repairs are given the highest priority. In the last 12 months, the following improvements have been completed:

- Continue to maintain new irrigation valves.
- Continue to service and maintain well for irrigation
- Continue to maintain new water fountains
- Repair drainage/sump for water run off at the school site
- Continue to schedule and maintain trimming and removal of hazardous trees.
- Repaired and patched roofs
- Created a schedule for Sanitation and fogging of the classroom due to COVID
- Created a schedule for proper maintenance and service of all machinery used by MOT.
- Implemented software for School Dude which allows personnel to report and track all work requests.

Every morning before school begins, the custodian inspects facilities for safety hazards or other conditions that need attention before students and staff entering school grounds. Two day custodian and two evening custodians are assigned to Vineland School. The day custodians are responsible for:

- General grounds maintenance
- Trash removal
- other duties assigned by the site administrator/supervisor

Restrooms are cleaned and sanitized hourly,

The evening custodians are responsible for:

- Classroom cleaning and sanitizing.
- Restroom cleaning and sanitizing
- trash removal
- Sanitize and clean/maintain gymnasium .

Due to the COVID-19 Pandemic, The Vineland School District adopted the 2020-2021 School Opening and Safety Plan under COVID-19 Conditions, which implemented the CDC guidelines for Cleaning and Disinfection.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Our goal is to build strong relationships with families and community members to increase capacity to navigate the educational system in order to partner and advocate for educational opportunities and access to high quality teaching and learning to optimize student achievement. Students with parents who are involved in their school tend to have fewer behavioral problems and better academic performance, and are more likely to complete high school than students whose parents are not involved in their school.

To this end, the district and/or schools will design, plans, and implements meaningful family and community engagement opportunities designed to involve and engage staff, families, and community members in activities in support of student learning. These activities will build capacity for families and community members; provide opportunities for families and community members to develop and demonstrate leadership; provide opportunities for family and community members to be involved in the monitoring the progress of the school's programs; and will provide for appropriate access and equity for all families and community members.

Parents are informed on upcoming events and school activities through flyers, the school marquee, and phone calls and texts. Contact school Site Principal, at (661) 845-1320.

Parent Involvement Opportunities:

- Back-to-School Night / Title I Parent Meeting
- Family Learning Nights
- Open House
- Parent-Teacher Conferences- two per year
- Color Splash/ Carnival

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21
Suspensions	2.96	0.31	2.86	0.14	3.47	0.20
Expulsions	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

The Comprehensive School Safety Plan was developed for Sunset School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure for school, sexual harassment policy, and dress code policy. The school's most recent safety school plan will be reviewed, updated, and discussed with school staff by March 1, 2021

Professional Development

The Following Professional Development was provided for all Certificated Staff during the 2018-2019 school year. Learning Sciences International created by the Marzano Center was implemented across the curriculum and professional development was delivered every Wednesday throughout the year during Teacher PLC time.

The District/School provides ongoing, job-embedded professional development opportunities designed to develop and support high-quality instructional leaders at all levels focusing on the following four areas:

- ----Induction, Mentoring, and Support. The District ensures all new teachers are enrolled in an approved teacher induction program and that teachers receive continued support in such activities as planning and preparation, teacher collaboration, student goal-setting, progress monitoring, data analysis, intervention placement and monitoring, and strategies for instruction.
- ----Academic Content and Performance Standards. The District provides all teachers and administrators with ongoing professional development and support structured around the specific learning targets and performance expectations associated with the academic content and performance standards.

Professional Development

- ----Adopted Core and Ancillary Instructional Material. The District provides all teachers and administrators with ongoing professional development and support structured around the content, structure, lesson planning, pacing, and instructional delivery of the adopted core instructional materials and other instructional support materials and/or programs.
- ----Instructional Strategies, Techniques, and Practices. The District provide all teachers and administrators with ongoing professional development and support focused on the district-identified, research-based instructional strategies designed to improve student learning and which are aligned with the state academic content and performance standards and adopted instructional materials.

In addition, the District regularly conduct teacher and administrator collaboration sessions designed to collect, analyze, and report critical metrics and performance data; engage in the analysis of student performance; plan instruction; and conduct/review action research in order to adjust and strengthen classroom and school wide instructional practices and address the needs of all students and determine effectiveness of instructional practices and implementation of adopted programs.

The 2019-2020 school year, The VSD designated every Monday as a Staff Development Day. Students are released early under a modified student schedule, so that the staff can fully participate in Professional Development.

Decisions concerning selection of staff development activities are performed by all staff using tools such as teacher input and data analysis to determine the areas in which additional teacher training may enhance classroom instruction and increase student achievement levels.

Vineland School District supports ongoing professional growth throughout the year. Teachers meet in both grade level and school/district teams every Monday for one hour to receive professional development , conduct data analysis to identify areas of need, to plan curriculum and instruction, and to share best teaching practices. Also, teaching staff are provided the opportunity to participate in district-sponsored staff development workshops or training sessions as 1) a supplement to site-based staff development, 2) for reinforcement of or follow-up on previous training, or 3) follow-up training for newly implemented programs/curricula. Teachers may also request to attend conferences or workshops that relate to improving instruction.

Training and curriculum development activities at Vineland School revolve around the Common Core State Standards, Next Generation Science Standards, Language Development, Positive Behavior Intervention and Supports, and STEM/Technology. The Vineland School District held staff development training or had teachers or other staff members attend training devoted to:

- Positive Behavior Intervention Systems , PBIS

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Student Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
